## THE HARVEYDALE KIND

Pictured left to right: Harveydale Starman Eileen (4E-93); Harveydale Broker Ellen (EX-92); and Harveydale Odyssey Evelyn (4E-91)

*These three grand matrons all have progeny in the sale. They epitomize the long-lived, high-type cow families that are the foundation of this incredible herd!*

The Harveydale herd has been built by combining the breed's truest-breeding sires on phenomenally consistent, homebred cow families. The blood of Starbuck, Linjet, Broker, Odyssey, and Charles is evident in most every pedigree. This rare opportunity to purchase foundation females from a lifetime of careful breeding will insure your future in the Holstein business. There is no doubt that these cattle will go on and do great things for their new owners! The top-end of the Harveydale herd was NEVER for sale. The best were kept to breed these great cow families. In Lawrence Harvey's own words, "We did not breed cattle for other people, we bred them for ourselves." March 12 will be a day buyers will always remember.
